Kindergarten Profile & Home Connections

By gathering as much information as possible about your child, we hope to make our Service your child's 'home away from home' and his or her time with us as enjoyable and happy as possible. To assist staff in planning activities and experiences to develop and enhance your child's potential, we will be asking about your child, their likes and dislikes, fears, pets, etc. We will also be asking about your child's living arrangements and routines and your expectations. This information will be shared with your child's Teacher or Educators.
